Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

Too severe hail storm which passed over the center of this county last week ruined much fine tobacco and corn. At Elton Farm where a fine crop of tobacco was growing the damage will exceed $10,000 There were two storms one taking an easterly course from near Oakville to the Prince Edward border, another took an easterly course from near Glenfall and came southeast. Among the crops damaged we notice L. J. Hale, Stanley, Iveson Smith, L S. McCormick and brothers, Carey Carson, White Lucado, W. H. Lucado, very destructive on old Militmore estate and Dr. D A Christian also Turnes Mill and Hollywood section, John and Van Webb and thence a jump into Prince Edward where considerable damage is reported.

Mrs. R. C. Oakes

After several months of declining health Mrs. R C. Oakes of Pamplin, passed away just before daybreak on Sunday morning, July 23 Mrs Oakes suffered a stroke of paralysis early in December, from which however she rallied, but for weeks had been growing gradually weaker Interment was made on July 24th, at the family cemetery at the old Oakes home near Pamplin, Mrs Oakes was born July 18, 1836, in Cumberland county and moved to Prince Edward when just a child. She was married March 9, 1859 to R C Oakes, of Buckingham, returning then to Prince Edward She was the daughter of the late John Wood all and Mary Morgan, of Prince Edward Early in life Mrs Oakes joined the Baptist church at Pamplin and lived a devoted christian life. She was a tender, unselfish wife and mother and her loss will be keenly felt. These months of illness have been brightened by the devoted care and companionship of her sons and daughters. Our heartfelt sympathy goes out to all but especially to the daughter who remained with her to the last. We think that the one who was with her in the last hour and did all that loving hands could do will miss her her most To the daughter we feel like saying: many daughters have done virtuously, but thou excellest them all.

The following seven children survive her: Miss Josie Oakes and J A Oakes, of Pamplin; Mrs. W. R. Wells and Mrs. G. C. Baldwin, of Farmville; Mrs. Jim Franklin, of Baltimore; Mrs. Henry Dodson, of Chase City, and J. R. Oakes, of Timber Lake, N. C.

There are twenty six grandchildren and one great grandchild. Her husband and two children preceded her to the grave. Those from a distance who attended her funeral were: Mrs. G. C Baldwin and son, Mrs. W. R Wells, Misses Agnes Wells and Mary Daniel, Messrs John and Robert Wells and Mr. and Mrs Otey, of Farmville, Mrs. H. R. Dodson, of Chase City, Mr. and Mrs W. L. Algood, of Boyston and J R Oakes, of Timber Lake, N. C

Keep the Spring Pigs Growing

The spring pigs that are to make the farm meat next winter or are to be marketed by December or before, will pay for enough attention and feed to keep them growing. Of course, they need some hard or dry grain feed, but the three things we would stress are: (1) Green feed or grazing, (2) some animal protein, tankage, fish meat or milk, (3) mineral matter—charcoal, wood ashes and air-slaked lime 10 parts each, 4 parts salt and 1 part copperas It is best to keep these three essentials before the pigs so they can take what they want.—The Progressive Farmer.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, pufiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.
